

MEMORANDUM OF INTENT

Between

**THE UNIVERSITY OF NEW SOUTH WALES
at the Australian Defence Force Academy
AUSTRALIA**

and

**DIPONEGORO UNIVERSITY
REPUBLIC OF INDONESIA**

This Memorandum of Intent is entered into by the University of New South Wales at the Australian Defence Force Academy (UNSW@ADFA) and Diponegoro University.

Through this memorandum, UNSW@ADFA and Diponegoro University agree to seek ways of developing collaborations and programs for the purpose of facilitating academic, scientific and technological exchange and cooperation, particularly in the fields of engineering (aerospace, civil, electrical and mechanical), science (physical, mathematical, computer and information technology), business (economics and management) and Humanities (language, history and politics).

It is expected that these collaborations will lead to joint research programs; visiting staff and research students hosted by both UNSW@ADFA and Diponegoro University and an increased number of doctoral students from Diponegoro University enrolling at UNSW@ADFA. For doctoral students sponsored by Diponegoro University with a scholarship stipend sufficient to cover living expenses, UNSW@ADFA would provide tuition fees scholarships to up to five such students per year, who satisfy the admission requirements of UNSW.

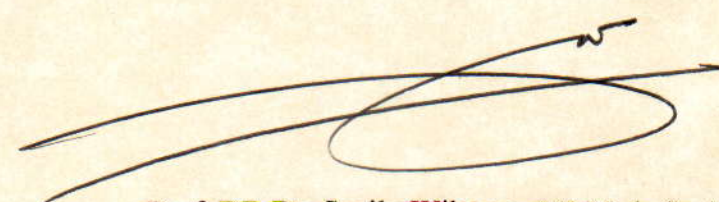

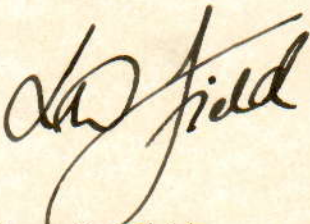

This Memorandum of Intent comes into effect upon the date of the signatures below. It will be automatically renewed annually without any amendment on that date unless one party provides notice in writing six months ahead that they wish to modify or terminate the agreement.

For this purpose, the responsible parties shall be the Deputy Vice-Chancellor (Research) of the University of New South Wales, and the Rector of Diponegoro University.

Signed on behalf of

The University of New South Wales

Diponegoro University

Professor Les Field
Deputy Vice-Chancellor (Research)
